DIGITAL TO PARTICIPATE IN FOAC '83

Digital Equipment Corporation will demonstrate many of its new office automation and small business systems products at the Federal Office Automation Conference (FOAC) to be held November 2 and 3, 1983 at the Washington Convention Center, 900 Ninth Street, N.W., Washington, D.C.

On behalf of Digital, I would like to invite you to visit our exhibit (Booth 531) at FOAC. During the show we will be making a series of live office presentations that will reinforce our product demonstrations in the areas of finance, word processing, laboratory, engineering, managerial and training. We will be utilizing a full range of personal computers and business workstations to demonstrate many of the latest software developments, and we will link these personal computers to a powerful 32-bit VAX-11/780 computer to demonstrate our networking capabilities.

We have put together an exciting and informative exhibit to highlight many of Digital's newest computer products, and we look forward to seeing you in our booth.

Best wishes,

Manager, Government Systems Group
Digital Equipment Corporation
